A list of Hammond contractors can be provided for your convenience. Contractors must be licensed in the City of Hammond and all necessary building permits must be obtained.

Ex. $\$1,000 \times 40\% = \400 rebate $\times 10\%$ (Hammond Based Contractor) = **$\$40$ Total Rebate $\$440$**

The Department of Economic Development appreciates your investment in the City of Hammond and strives to grant the highest awards possible. However, the rebate schedule above lists a maximum award amount. A number of factors are considered when granting façade awards, including, but not limited to, the availability of funds and the number of program applicants per year.

The Department of Economic Development reserves the right to increase or decrease the amount of rebate based on the impact or deviation from the project's initial statement of work. Projects located on or visible from regional and local arterial roads may be eligible for additional funds depending on the overall investment, visual impact, and use of very high quality materials. Failure to apply and receive all appropriate permits will result in no rebate. Work cannot be self-performed. *Businesses are limited to a maximum of two (2) application submissions per year; however the Department of Economic Development reserves the right to accept more than two application submissions based on the significance of redevelopment to the surrounding area.*
