

**BOARD OF PUBLIC WORKS AND SAFETY  
MINUTES OF NOVEMBER 16, 2023**

The regularly scheduled meeting of the Board of Public Works and Safety convened at 9:04 a.m. on Thursday, November 16, 2023, in the Council Chambers of Hammond City Hall. A roll call was taken: Mr. Long – present; Ms. Greenwell – present; Mr. Kalina – present.

Motion by Ms. Greenwell to approve the Minutes of the meeting of October 20, 2023, October 26, 2023 and November 2, 2023; seconded by Mr. Kalina. AYES ALL. Motion carried.

Under Gas Exception Hearings. 6502 Kennedy – Marathon Gas. Mr. Sukhdev Singh – coworker sworn in. Exhibits A – emails with photos. They have been in the Hessville area for 30 years, he has two other stations, but they will remain closed. Mr. Singh is requesting this station remain open as it has a large crown in the morning. They have lost ½ of the revenue since the construction and with the closing deadline has lost more.

Mr. Smith questions his position and if he would be willing to open at 3:00 or 4:00 to help facilitate the early morning crowd. Jeswinder Sahi is the owner. Operation opened in 2012 and has always been open 24 hours. Mr. Singh agrees this is not near an interstate. Mr. Singh states they have two other locations at 165<sup>th</sup> /Arizona and 169<sup>th</sup>/Arizona- Hudson Gas. They are presently not open all night. Mr. Singh states there are some arguments in the parking lot, cannot control what they do and don't have issues on the inside. His revenue overnight is about 10-15% and rush hour is usually between 3:30 and 4:00 serving the industrial workers. People want them to be open and he is requesting to be open 24 hours. Mr. Singh states his request is to be open 24 hours.

Mr. Long asks if he is aware of the station at 165/Arizona that a police office was able to buy gas at the pumps on the midnight shift. Mr. Singh states he does understand the ordinance that the pumps also need to be stopped, they leave the canopy lights on to have a visual for employees. He states that the repair guy was out yesterday because shutting pumps off is not an easy fix and they are working on it.

Lt. Christopher Gootee sworn in. FUSUS Administrator. He has visited 6502 Kennedy, there is adequate lighting, camera, well lit inside and out. They are working on FUSUS and have a password issue, there is bullet proof glass. The corridor is a heavy bar location, does consider bars problematic, has had issues with the bars with pop-up events in spaces, large police presence responding due to violence. There was a murder at Coaches Corner and Porter's. Gathering at the stations is not as large as the bars, not accessible to highway.

Exhibit 1 – call log.

Tom Novak sworn in. Exhibit 2 – summary of zoning and ordinance with photos. Safety issues with the signage on the windows, shelving, cannot see inside or outside. ADA parking has

a sidewalk blocked, there is graffiti on the pumps which is tagged by a gang, and some were covered. Address is not legible. It would need to be larger in the front and back.

Nicholas Farrell sworn in. Exhibits 3 and 3A. License for business in 2016 and have not been valid from 2018-2020. Renewed in 2021 and has not since. No current business license.

Mr. Singh states there was misunderstanding regarding the license and information and he came in yesterday and paid all.

Mr. Long questions his desire to be open 24 hours. Mr. Singh would rather stay open 24 hours so they can prepare for the morning rush.

Heather Tyler sworn in. Mr. Tyler is an overnight employee and has had a financial hit with the overnight shift being cut.

Mr. Smith closed with the factors. 1) criminal activity being problematic, close to bars, and ask to consider the history of Kennedy Avenue as a whole. 2) FUSUS will be connected soon, security is adequate and well lit. Does not agree that the location is near interstate, more in between residential and industrial. Ordinance and zoning issues, not having a valid business license, problems with gas being dispensed overnight from the other two stations owned by owner. Mr. Smith states there are ongoing criminal issues, business license not valid which should be a factor for denial, not to stay open all night, maybe opening early for the morning rush. (Ins. No. 23-981)

The Board will take the matter under advisement.
